Chairperson's Message

by Eric Hoke

It felt like spring arrived the same day that the Tour of Remodeled Homes started. The weather was great and the Tour entries were outstanding. It's amazing to see what our Remodelers Council members

can do. Remodeling will continue to be extremely important to Lincoln's economy. Although construction of new homes in Lincoln remains very slow, remodeling continues to do well.

Ron and Ronnie Romero gave us a super tour of their wonderful new facility. A major remodel of an existing building has turned into a great asset for Lincoln. It was hard to keep people moving through the store. We all wanted to stop and look at the appliances, TV's and the house built within the store. My congratulations to the Romero's on a job well done.

On May 14, our meeting will be at the Shrine Center. Doug Gates is excited about this new facility and we should have a great time. It's always fun to get together with our Remodelers Council. I'm proud to call you my friends.

Mother's Day is May 11. Hug your Mom.

Family: My husband, Scott, our son, Jacob and 2 puppies
Macy & Murphy

Greatest accomplishment: My son Jacob

New Members

Jeff Spidle, Mold Solutions
Alan Kaiser, Natural Light Co.

TP Run!

*Bring Toilet Paper, Toothbrushes,
Soap, Other Necessities to HBAL
through June*

The Remodelers Council is having the third annual TP Run (Toilet Paper Run) to help the clients of the Community Mental Health Center (CMHC). These clients are on fixed incomes, and after rent and medical expenses, often are left with very little money for the basic necessities.

Items that would be greatly appreciated by CMHC & its clients:

- Toilet paper
- Laundry soap
- Shampoo
- Toothpaste
- Sanitary products for women
- Bar soap for men
- Bath gel soap for women
- Cleaning supplies
- Poly-grip

Please pick up an extra roll of toilet paper or bar of soap on your next shopping trip, and drop it by the HBAL office before June 30. Thanks for helping to take care of our community!

Top 5 Reasons to Remodel Now

1. Low interest rates.

With interest rates at near-record lows, home equity loans are very affordable.

2. Energy Efficiency.

Enjoy immediate savings on energy and water bills.

3. Increased performance.

A better-performing home saves on costly repairs in the future.

4. Improved lifestyle.

Don't wait until you sell your home to make it your dream home!

5. Room to breathe.

Are you feeling closed in? Everyone enjoys larger and more functional spaces!

Have the home you always wanted, remodel now.
